

KASHIF ORGANIZATION

KASHIF BREAST CANCER ORGANIZATION HAS ESTABLISHED WITHIN SUDAN NATIONAL ORGANIZATION. UNDER HUMANITARIAN AID COMMISSION ACT AND ORGANIZATIONS MANagements ON 4/12/2018. AND THE ESTABLISHMENT OF THE ORGANIZATION HAS BEEN IN DIFFICULT CIRCUMSTANCES BUT THE OUTBREAK WAS THE BIGGEST OBSESSION AND WAITING WAS NOT THE PERFECT SOLUTION TO PROVIDE SUITABLE CIRCUMSTANCES. THEREFORE, IT WAS NECESSARY TO START THE JOURNEY EVEN WITHIN THE VOLUNTEERS, AND IT WAS ALWAYS CONDITIONED ON HOW TO FIND FINANCIAL SUPPORT, AND LIKE ALL BEGINNINGS VISION VARY BUT THE STRONG WILL AND THE GOD CARE ALWAYS OPEN THE WAY.

Kashif program

And this with Kashif program birth and it's a computer program that analysis the breast cancer tissues through the mammogram devices in automatically colors and its certified by Khartoum Cancer Hospital (Alzara), holds a local and international patent and the second place winner in My Project competition in collaborating with British Cultural Center and thanks to that Inventor Engineer /Maha Abdel-Hadi Al-Mouna (lecture at Imam Abdul Rahman Bin Faisal University_ Damam).

A memorandum of understanding and agreements concluded between the Organization and the Inventor to work together.

Vision

- Our future vision is early detection of breast cancer, using advanced Computer program linking it with Mammogram devices to reduce the percentage of the error in the analytical images of breast cancer tissue to the lowest possible percentage.
- Establish special researches and developments department for all program related to early detection of breast cancer.

PROJECTS

- Linking Kashif program with all mammogram devices.**
- Collecting informations related to breast cancer from hospitals, centers, consultants and related parties , and establish database that is accessed through mobile applications and internet to provide informations and coordination between specialists to provide consultations and reports exchange.**
- And to create a link that serve the community locally, regionally and globally.**
- Periodic examination in the capital and states, coordination with the relevant parties of breast cancer. Conducting volunteers workshops and seminars to contribute in community service.**
